Date / Time	Trigger	Emotion	Body sensations	Thoughts	Behavior	Consequences
Saturday 12:00pm	Having conversation with my wife about the children	Angry	could feel it boiling in my stomach - and hot flushing feeling in my face	she doesn't think I'm capable of taking care of them properly	Lost my temper and shouted at her stormed out	short term - I felt powerful when I was shouting, that felt better than feeling undermined

Where were you?
Who were you with?
What were you doing?

How did that body
sensation make you feel?

Did you have thoughts about
another person's transgression?
Record any thoughts or images
that went through your mind

What were the short term and
long term consequences?
